Text: *Calculus* by Ellis and Gulick, sixth edition.

We shall cover most of chapters 6-10, and some extra material on complex variables.

Homework will be assigned each week. Selected problems will be turned in to be graded.

Your course grade will be determined as follows:

Homework		15%
Hour exam I	Monday, Sept. 27	20%
Hour exam II	Monday, Nov. 1	20%
Hour exam III	Friday, Dec. 3	20%
Final exam	Friday, Dec 13	25%

Grades for the hour exams will be assigned on the usual scale, A: 90-100; B: 80-89; C:70 -79; D: 60-69; F:< 60 . Grades for the course will be based on your final average, with perhaps slight adjustments from the usual scale.

Makeup exams will be given only in the case of serious family or medical problems, or university sponsored activity, all of which must be well documented.
